Pupil Deprivation Grant

Five Roads Primary School PDG Statement

The Pupil Deprivation Grant (PDG) is allocated to schools with the pupils who come from low income families and that are eligible for free school meals (e-FSM) and pupils who have been looked after continuously for more than six months(LAC).

Schools are expected to make the best use of this funding to implement sustainable strategies that will quickly bring about changes for learners eligible for free school meals or who are LAC.

As a school we have agreed to the following steps:

- to identify the target group of pupils, its characteristics and needs
- to plan interventions which make the most effective use of resources
- to monitor and evaluate the impact of resources

At Five Roads Primary School we have a comprehensive plan, agreed and monitored by Carmarthenshire Local Authority and ERW, to promote progress and remove barriers to learning for students eligible for this funding.

We have used the funding available to:

- *Enhance teaching and learning by providing a programme of support, which include staff to lead focus and intervention groups
- * provide intervention and support programme that are proven to have the greatest impact and to be sustainable, including Positive Play, CHATT, Catch Up, Speech and Language, letters and sounds and springboard programmes
- * provide specific high quality training for school staff on the above and additional strategies
- *implement and use data tracking systems to identify learners' needs, target interventions and monitor impact
- * work in partnership with other schools, the community and other organisations, including support agencies and medical experts
- * improve attendance of target groups and develop leadership capacity to prioritise the quality of provision and outcomes to support learners and their families.
